MINISTRY OF FINANCE

LAW NO. 19.913

CREATES THE FINANCIAL ANALYSIS UNIT AND MODIFIES VARIOUS PROVISIONS
REGARDING MONEY LAUNDERING

Considering that the Honourable National Congress has approved the following Bill:

"TITLE I

Financial Analysis Unit

First Paragraph

Nature, purpose and functions

Article 1.- The Financial Analysis Unit (UAF) is created, with the purpose of preventing and deterring the use of the financial system and other sectors of economic activity for the commission of any of the offences described in Article 27 of this law, and in Article 8 of law No. 18.314.

The Financial Analysis Unit will be a decentralised public service, with its own legal personality and assets, which will be related to the President of the Republic through the Ministry of Finance. The senior head of the service will have the title of Director and will be governed by the rules contained in Title VI of law No. 19.882.

Article 2.- The Financial Analysis Unit will have the following powers and functions, which it may develop and exercise anywhere in the national territory:

a) Request, verify, examine, and archive the information referred to in Article 3 of this law.

b) Request from any of the natural or legal persons contemplated in Article 3 of this law, the background that, in case of review of a suspicious transaction previously reported to the Unit or detected by it in the exercise of its powers, are necessary and relevant to develop or complete the analysis of said operation and those that must be collected in accordance with letter g) of this article. The requested persons shall be obliged to provide the requested information within the specified timeframe.

If the information referred to in this clause is covered by secrecy or confidentiality, or should be requested from a person not covered in Article 3 of this law, the request must be previously authorised by the Minister of the Court of Appeals of Santiago, who shall resolve it, without a hearing or intervention of third parties, within a period of three days counted from its submission. It will be the responsibility of the President of this Court to designate, once a year and by draw, two of its members to carry out this task. If none of the ministers are in office, the authorization shall be granted by the President of the Court or to whoever substitutes him/her. Both the request for information covered by secrecy or confidentiality made by the Unit, and the resolution of the court, must be based on specific facts that justify them, which shall be expressly stated in both documents. If the request is rejected, the Financial Analysis Unit may appeal. The appeal shall be heard immediately and without further proceedings by the accounts chamber of the aforementioned Court, as soon as the information is received. The proceedings shall be conducted in secret and the file shall be returned in full to the Unit once the appeal has been decided.

The granting of the information requested in accordance with this clause shall be free of charge and exempt from any kind of fees and taxes.

The persons who are not obliged to disclose information for reasons of confidentiality shall not be subject to the provisions of this clause, solely insofar as it concerns confidentiality, in the terms specified in Article 303 of the Criminal Procedure Code.

c) Order expert examinations, which may be entrusted to public or private institutions.

d) Organise, maintain, and administer files, databases, and records, being able to integrate them, with due safeguard and protection, into national and international information networks for the proper performance of its functions.

e) Recommend measures to the public and private sectors to prevent the commission of the crimes referred to in Article 27 of this law.

f) Issue general application instructions to the persons listed in Article 3, first paragraph, and 4, first paragraph, for the proper fulfilment of the obligations established in Paragraph 2 of this Title, being able to verify their execution at any time. Nevertheless, the Financial Analysis Unit will be authorised to issue specific and proportional instructions for different types of obliged entities, considering the nature of the operations

they conduct and the actual risks to which these entities are exposed when used for the commission of the offences referred to in Article 27 or Article 8 of Law No. 18.314.

For the purposes of the provisions of the preceding paragraph, the Financial Analysis Unit may assess the enforcement of the law and applicable regulations by the persons described above, following a risk-based approach to money laundering and terrorist financing. Likewise, it will supervise the adequate management of said risks. To this end, the Financial Analysis Unit may request all the data and background in order to accomplish the task and approve general risk matrices for the economic sectors indicated in the first paragraph of Article 3 of this law. The information provided to the Financial Analysis Unit and the assessment of the background and its use during the inspection process, shall be considered confidential.

g) Provide the General Comptroller of the Republic with the information required to audit the timeliness, integrity, and accuracy of the content of the declaration of interests and assets, both regarding the heads of operational units and their spouses or civil partners, relatives established in article 4 of Law No. 19.863, and persons under guardianship or curatorship, for compliance with the provisions of the aforementioned law.

For this purpose, the Comptroller shall forward to the Financial Analysis Unit a list of the heads of operational units that require the use of reserved expenses for their operation.

h) Exchange information with foreign counterparts. For this purpose, the Unit must ensure that such information will not be used for different purposes and that the requesting entity will operate with reciprocity in case information is requested.

i) Analyse, at least once a year, the information referred to in Article 5 of this law.

j) Access, in the manner agreed upon with the superior head of the respective entity, the data and background existing in the databases of public bodies that, on the occasion of review of a suspicious operation previously reported to the Unit or detected by it in the exercise of its powers, are necessary and relevant to develop or complete the analysis of said operation and to those that must be collected in accordance with letter g) of this Article. In the event that any background is protected by secrecy or confidentiality, the provisions of the second paragraph of letter b) of this Article shall apply.

k) Impose the administrative sanctions established by this law.

Under no circumstances shall the Financial Analysis Unit exercise competencies inherent to the Public Prosecutor's Office or the Courts of Justice. Likewise, it may only use the information it receives for the purposes established in this law, and under no circumstances may it disclose

or provide it to agencies or services other than the Public Prosecutor's Office.

Should the Director of the Financial Analysis Unit deem from the examination of the background aforementioned in the preceding points there are indications that any of the offences contemplated in Article 27 of this law or Article 8 of Law No. 18.314 has been committed, they must order its immediate referral to the Public Prosecutor's Office. Likewise, the Public Prosecutor's Office may request the Unit to send their information necessary for the investigation of money laundering, whether initiated ex officio or by complaint, regardless of the stage they are in.

Article 38.- Natural and legal persons mentioned in Article 3 of this law shall be obliged to inform the Financial Analysis Unit of all acts, transactions, or operations carried out or attempted by any of the natural or legal persons identified in the lists drawn up by the Committees established in resolutions numbers 1267 of 1999; 1333 of 2000; 1373 of 2001; 1390 of 2002; 1718 of 2006; 1737 of 2006; 1747 of 2007; 1803 of 2008; 1929 of 2010; 1988 of 2011; 1989 of 2011; 2253 of 2015; 2356 of 2017, and 2371 of 2017, of the United Nations Security Council and its subsequent resolutions or any other that adds to or replaces them, and contained in supreme decrees published in the Official Gazette.

Likewise, they shall be obliged to inform about all acts, transactions, or operations carried out or attempted by any natural or legal person who has committed, is committing, or intends to commit acts of terrorism or participate in them or facilitate their achievement.

Within twenty-four hours following the receipt of the background substantiating that the natural or legal persons identified in the lists referred to in the first paragraph intend to conduct a financial act, transaction, or operation, the Financial Analysis Unit shall request a judge of the Court of Appeals of Santiago to adopt one or more measures necessary to prevent the use, exploitation, benefit, or destination of any kind of assets, securities, or money subject to the act, transaction, or operation, without prior notice to the affected party and for a determined period. The validity of the measures decreed by the Court of Appeal's Judge shall not exceed thirty days, a period that may be extended, by reasoned resolution, by him/her or by the competent court. The request shall be decided summarily by said judge, without hearing or intervention of third parties and in the shortest possible time, not exceeding twenty-four hours.

For these purposes, the President of said Court shall designate by lottery two of its members, for a period of one year, and the request shall be submitted to either of them. If none of the judges are in office, the authorization shall be granted by the President of the Court or his/her substitute.

Among the measures that may be ordered, the prohibition of transfer, conversion, disposition, or movement of funds or other assets during the term of validity of the measure shall be understood to be included.

Once the request is submitted to the Court, and within twenty-four hours following, the Unit shall confidentially deliver all the background to the General Prosecutor, so that the National Prosecutor's Office deals with the judicial proceedings.

Once the period indicated in the third paragraph has expired, the effects of the measure decreed by the Judge of the Court of Appeals shall immediately cease, without the need for a resolution that declared it.

The Financial Analysis Unit, within the maximum period of twenty-four hours counted from the acceptance of the request indicated in the third paragraph, shall communicate its content to the natural or legal person who reported the financial acts, transactions, or operations so that they immediately adopt the measures decreed by the respective Judge of the Court of Appeals of Santiago. Likewise, within a maximum period of seventy-two hours following the decree of such measures, it shall inform the affected party or parties of said resolution. This notice shall be sent to the address that the affected party or parties have registered with the entity that reported the operation or to the email address listed in such records. It shall include all the background indicated in the third paragraph.

While this measure is in force, those affected by it may appeal to the Court of Appeals of Santiago to obtain its revocation. The Court of Appeals shall resolve the appeal as soon as possible, after receiving the report from the Financial Analysis Unit, for which it may open, ex officio or at the request of a party, a special evidentiary term, which shall not exceed three days.

If by judicial resolution the measures indicated in the third and fifth paragraphs are revoked, or the term for which they were decreed has expired, the Financial Analysis Unit shall communicate this situation to the natural or legal person who reported the financial acts, transactions, or operations conducted, which motivated the respective investigation.

For the purposes of the provisions of this article, the Financial Analysis Unit shall periodically make available to all persons indicated in Article 3 of this law, the lists drawn up by the Committee established by the United Nations Security Council, and which originate from the resolutions mentioned in the first paragraph of this article. Once registered, the persons indicated in the preceding paragraph must inform the Financial Analysis Unit of any relevant changes in their legal situation, in the terms indicated by the general instructions that the Unit will issue for these purposes.

The Financial Analysis Unit may publicly disclose the name and tax identification number of the natural and legal persons mentioned in Article 3 of this law and that register in accordance with this article.
